

B Hema Chandu

B.Tech in Computer Science and Engineering — CGPA: 9.1/10

+91 8885647267 — bhemachandu10@gmail.com

LinkedIn — GitHub — Portfolio

Professional Summary

Motivated Computer Science undergraduate (CGPA: 9.1/10) with strong foundations in Data Structures & Algorithms, Full-Stack Development, and the MERN stack. Built and deployed multiple full-stack applications including accommodation booking, trading simulation, and AI-powered resume analysis platforms. Solved 605+ coding problems across LeetCode and CodeChef, achieved a highest CodeChef rating of 1450 and LeetCode rating of 1548, and earned a Silver Medal in competitive programming. Passionate about building scalable web applications and solving challenging algorithmic problems.

Education

Degree	Specialization	Institute	Year	CGPA
B.Tech	Computer Science and Engineering	Vignan's Institute of Information Technology	2023–2027	9.1
Intermediate	PCM	Sasi Junior College	2023	9.73
SSC	—	Sri Chaitanya School	2021	10.0

Technical Skills

- **Programming Languages:** Python, Java, C, JavaScript
- **Frontend:** HTML, CSS, React.js, EJS
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools & Technologies:** Git, GitHub, REST APIs, JWT Authentication, Session Authentication, Postman, Render, Vercel
- **Core Subjects:** Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming

Projects

StayNest — Full-Stack Accommodation Listing Platform Live Demo

- Independently designed, developed, and deployed a full-stack accommodation listing platform using Node.js, Express.js, MongoDB Atlas, EJS, and MVC architecture.
- Implemented secure authentication, authorization, session management, flash messaging, and route protection using Passport.js and Express Sessions.
- Developed RESTful CRUD operations for property listings and reviews with server-side validation, centralized error handling, and MongoDB integration.
- Hosted the application independently on Render and integrated MongoDB Atlas for cloud-based data storage.

Trading Platform — Full-Stack Trading Simulation Website Live Demo

- Independently developed and deployed a trading simulation platform using React.js, Vite, Node.js, Express.js, and MongoDB.
- Built 6+ responsive pages supporting watchlists, holdings, positions, portfolio tracking, and simulated order workflows.
- Designed scalable REST APIs and MongoDB schemas for users, holdings, and positions using Express.js and Mongoose.
- Implemented JWT-based authentication and protected routes, ensuring secure user access and portfolio management.

Resume Analyzer — AI-Powered Resume Evaluation Platform Live Demo

- Developed and deployed an AI-powered Resume Analyzer using Node.js, Express.js, EJS, JavaScript, and Groq AI API.

- Implemented ATS-style resume evaluation, skill-gap analysis, personalized improvement suggestions, and interview preparation recommendations.
- Integrated resume upload, file validation, REST API communication, and AI-generated feedback workflows.
- Managed deployment, environment variables, and backend infrastructure independently on Render.

Internship Experience

Web Development Intern — InternPe (Remote)

May 2025 – Jun 2025

- Completed a 4-week remote internship focused on frontend web development and JavaScript application development.
- Designed and developed 4 projects including a Calculator, To-Do List Application, E-Commerce Website, and Connect-4 Game.
- Implemented responsive UI design, DOM manipulation, JavaScript event handling, and interactive user experiences.
- Successfully completed all assigned projects and received an Internship Completion Certificate.

Achievements

- Solved **605+ Data Structures and Algorithms problems** across LeetCode (290+) and CodeChef (315+).
- Achieved a **highest CodeChef rating of 1450** and currently maintain a rating of 1410.
- Achieved a **highest LeetCode contest rating of 1548**.
- Earned a **Silver Medal** on CodeChef through consistent participation in competitive programming contests.
- Built and deployed **3 full-stack web applications** independently using MERN stack technologies and AI APIs.

Coding Profiles

- LeetCode: 290+ Problems Solved — Highest Rating: 1548
- CodeChef: 315+ Problems Solved — Current Rating: 1410 — Highest Rating: 1450
- GitHub: 11 Public Repositories

Certifications

- Data Structures and Algorithms – Udemy
- Python Essentials – Cisco Networking Academy
- JavaScript Essentials 1 – Cisco Networking Academy
- JavaScript Essentials 2 – Cisco Networking Academy
- HTML Essentials – Cisco Networking Academy
- CSS Essentials – Cisco Networking Academy
- Web Development Internship Certificate – InternPe
